What We Teach

As Tennessee moves forward with the Common Core State Standards in Reading/English and Math, the FBS Child

Care Center uses the Tennessee Early Learning Development Standards to plan and provide learning experiences for our children. These standards, adopted by the Tennessee State Board of Education, provide a developmental framework that allows our teachers to provide meaningful interactions and activities so our young children can develop to their fullest potential.

FBS Child Care Center provides a loving atmosphere for children to grow physically, mentally, and socially. We are a full-time, Christ-centered child care program ranging from infants to pre-school.

Each Lead Teacher has a Child Development Associate Degree. Each staff member earns 18 hours of continuing education each year. In addition, our staff members are CPR/ First Aid, and Safe Sanctuaries trained.
